AN INDIAN REPUBLIC.-Rev. Thos. S. Williamson, a missionary, writes to the St. Paul Times an interesting account of the new Indian Republic of the Dakotas in Upper Minnesota. He says :

"A year ago less than half a dozen families of them in this neighborhood were living in log cabins, none in any better, and I think it was the first winter a Dakota family occupied even so good a shelter in this neighborhood, as a cabin built of logs laid up horizontally. At this time, besides two framed houses, there are not less than fifteen log cabins there are not less than fifteen log cabins there are not less than fifteen log cabins.

General Cass, it is said, exhibits surprising vigor, industry and endurance in his official labors. He rises and commenves work at five, and is continually engaged, with small respite, till eight or nine at night. His diet is, however, very sparing, and he sticks still to cold water. Bow and then he indulges in a sup of coffee, the only exhilarating beverage which he can use.

The wheat crop of South Carolina, it is said, will be the largest this season ever harvested in that State.

MARRIAGE GUIDE, by DR. WM. YOUNG.
MARRIAGE G

CATHARTIC PILLS

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscors to purify the blood and stimulate it into healthy action. They remove the obstructions of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of discusse. An extensive trial of their virtues, by Profuscors, Physicians, and Patients, has shown cutes of dangarous discusses almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanae, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure.

For Continuences.—Take one or two Pills, or such quantity as to gently move the bowels. Continuences is frequently the aggravating cause of PILES, and the core of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as at can be, promptly relieved.

Fou Dysphysia, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four—to stimulate the assumeth and liver into healthy action. They will do it, and the hearthern, bodyburn, and southern of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a Foult Stomach, or Morbid Inaction of the Boscels, which produces general depression of the Boscels, which produces afterwards, until activity and strength is restored to the system.

For a Foult Stomach, Back, or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system.

For Scanyula,

system. Don't wear these and their kindred disorders because your stomach is foul.

For Scanyvilla, Exvaryllas, and all Disease of the Skin, take the Fills freely and frequently, to keep the bowels open. The cuptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Fills, and some disquating diseases which seemed to asturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients I your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, nicers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

of the unclean diseases of the skin, because your system wants cleansing.

To PURITY THE BLOOD, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.
